

## **American Cancer Society (ACS) Accommodation Program - Hope LodgeS**

San Antonio hotels have partnered with the American Cancer Society to offer breast cancer patients accommodation at either *low or no charge on a space-available basis*. This program is for patients who receive treatment at least 50 miles from their place of residence. One caregiver is welcome to travel with the patient. *At least two weeks advance notice* is usually required. The program only applies to lodging Monday through Thursday. We encourage patients living more than 50 miles from San Antonio to call the American Cancer Society on **(877) 227-1618** for more information and to take advantage of this opportunity. **Please note, hotel assistance with the ACS is not a guarantee. Assistance is based on hotel availability during the time of your travel. We encourage all patients traveling to San Antonio to make back-up plans with a PRMA contracted hotel.**
